

To Stan, Kerry, and the Sevens
Legal team;

From the bottom of my heart,
thank you for your hardwork and care.

Like many people, I never thought
I would be in the position of needing
legal assistance. When I came to you,
I was full of shame and guilt and fear.
But from the moment I first spoke to
Stan, I immediately felt I was in good
hands.

I've always been of a mindset
to expect the worst and hope for the
best; but from the get-go, you all
made me feel that hope was a real
possibility.

I never once felt judged or
stigmatized. Instead, I was met with
genuine compassion and care. I
know that the whole Sevens Legal
team put extra time and energy
into my case, and I will never be
able to repay the rewards of your
hard work. Thanks to you, I will be
able to move on from this experience
unscathed, but with great intention
and dedication to never put myself
in this situation again.

From myself, Garrett, and the rest
of my family...

Thank you. Thank you.

Sincerely,
Casey
